

WHAT IS A COOPERATIVE?

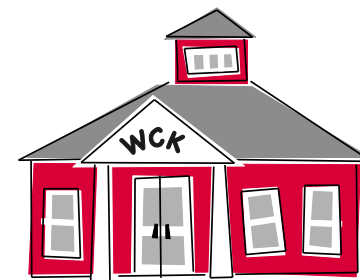

As a cooperative school, WCK fosters parent involvement within the classrooms as well as the management of the school. Parents are given the opportunity to contribute to policies and programming direction through participating in General Membership meetings and voting on school by-laws.

Parents rotate into the Nursery and Pre-Kindergarten classrooms as an extra pair of hands to assist the teacher in the program which their child is enrolled. These times are scheduled in advance and parents may specify which days work best for them.

Parents may also serve in volunteer roles for the general running of the school such as on the Executive Board as well as individual and committee positions. These positions allow parents the opportunity to watch their child grow, engage with other children and connect with families in the community. 🙋

Today, WCK provides the community with Nursery, Pre-Kindergarten, Pre-School Enrichment and Kindergarten Enrichment programs. WCK provides a warm and nurturing environment that fosters the development of the whole child. Our programming promotes emotional, cognitive, social, gross motor and fine motor growth. 🖐️
